CLEAN, FLOWING WATERS FOR WASHINGTON

The Center for
Environmental Law & Policy

**Do you care about sensible water management in the Yakima Basin?
Are you concerned about the Black Rock Reservoir Project?**

*Please join Sierra Club and
Center for Environmental Law & Policy
for a discussion about Yakima basin water issues,
focusing on the proposed Black Rock project.*

Featured Speaker: Rachael Paschal Osborn

Ms. Osborn is executive director of CELP, an organization that promotes the public interest in Washington's water resources. Ms. Osborn discovered the \$2.4 billion error in YBSA's economic review of the Black Rock project.
